PROFESSIONAL SUMMARY

Senior AI Engineer with expertise in reinforcement learning, recommendation systems, and edge AI deployment. Focus on building intelligent systems for real-world applications.

EXPERIENCE

Senior AI Engineer

EdgeAI Technologies

2021-2025

- Developed recommendation engines using collaborative filtering
- Implemented reinforcement learning models for autonomous systems
- Optimized models for edge deployment using TensorFlow Lite

ML Engineer

SmartSystems Ltd

2019-2021

- Built time series forecasting models for supply chain
- Implemented AutoML pipelines for model selection
- Conducted research on federated learning approaches

EDUCATION

MTech Machine Learning, IIT Bombay (2019)

TECHNICAL SKILLS

Python, TensorFlow, PyTorch, Reinforcement Learning, Edge AI, AutoML, Federated Learning
